

The G.A.P. Network

A program of Prevention Action Alliance

ERASE THE STIGMA The G.A.P. Network Summit

**Register before its too late!
Registration closes tomorrow at 10 a.m.**

Join us, Lisa Athan, and more than a dozen other experts for a two-day conference next weekend as we come together to erase the stigma surrounding drug overdose deaths.

In Athan's session, you'll:

- Discover how complicated the grief process is after a stigmatized, sudden, and traumatic loss
- Identify variables around the loss that make this even more challenging
- Understand that each member of the family will grieve in their own unique way and own time

Hurry, registration ends Monday morning at 10 a.m.
