

Prevention & Wellness Academy of Ohio Commitment Form

Prevention Action Alliance is excited to partner with designated school districts within Ohio to plan, implement and sustain an integrated system of prevention and mental wellness strategies to enhance overall student well-being and decrease the onset of substance use/misuse. This multi-tiered framework of support is designed to align with existing district priorities, systems and practices.

This form acknowledges the expectations for those most closely involved in the project. Please sign and return this form confirming that you agree with these expectations and commit to participate in the Prevention and Wellness Academy of Ohio.

Prevention Action Alliance Team Commitments:

- Provide training and technical assistance/coaching in partnership with Education Development Center (EDC) over the three-year period of the Academy
- Provide training materials, model practices, guidance documents, customized tools and implementation checklists related to academy work requirements.
- Provide a cash stipend of \$9,000 total for each participating district over the three-year academy period
- Provide evaluation tools for program delivery assessment, school staff needs assessment and student behavioral health perception assessment.

District Commitments

- Designate a district team to participate in events and work together toward developing/strengthening a multi-tiered system of support for prevention and wellness
- Designate a team lead to serve as liaison and primary contact.
- Provide release time for the Prevention and Wellness Academy team to engage in ongoing training and technical assistance activities, as well as monthly (or more frequent) internal team meetings.
- Support Academy data collection and/or assessments
- Identify school administrator to participate on district team and actively support Academy activities.
- Provide student level behavioral health data (collected through surveys such as, OH YES, Youth Risk Behavior Survey, PRIDE, etc.) to the Academy.
- Administer student level behavioral health survey, such as, OH YES, Youth Risk Behavior Survey, PRIDE, ect., and share data with the Academy.

Prevention and Wellness Academy Team Commitments

- Actively participate in training and technical assistance meetings and activities in relation to these meetings.
- Meet outside of learning collaborative meetings and coaching. (This will be verified though meeting agenda and record minutes.)
- Complete appropriate surveys and forms for evaluation and record keeping requirements.

By signing this agreement, the district and academy team members agree to the above expectations for successful implementation of the Prevention & Wellness Academy of Ohio.
