PRIMARY GOALS

- **Getting as many schools scheduled for the school year as possible**
- **Meeting the emotional needs of all students we serve**
- **Working on integrating this into the program going forward so our timeline is the length of our program (forever)**

MEETING STUDENTS' NEEDS

TIMELINE

SEP 2023

JAN 2024

MARCH 2024

MAY 2024

SEPT 2024

Start keeping notes on schools we serve and their needs

Over Christmas break look at those notes and make recommendations for upcoming similar schools

Start to implement some changes

Assess which strategies did and did not work for Spring schools

Start over fresh next year with improvements that did work

SUSTAINING THE CHANGES

RECORD ALL CHANGES

**EACH SCHOOL TO HAVE
“CARE PLAN” IN FILE**

**LOOK AT CARE PLAN
ONE WEEK BEFORE
EACH SCHOOL**

IMPACT

- Children will be given enough time to discuss anything important with our staff after their presentations
- This is important because we never know which student will discuss abuse with us, causing us to take further action
- This definitely strengthens our program because our disclosure portion is what sets us apart from other programs

THANK YOU 😊
