

OHIO PREVENTION CONFERENCE

Sponsors and exhibitors at the Ohio Prevention Conference will find an outstanding opportunity to elevate their brand visibility while engaging with a diverse community of prevention professionals.

The Ohio Prevention Conference provides a platform for professionals to enhance their knowledge, skills, and approaches to prevention science. This event brings together more than 400 professionals and those from allied fields, fostering collaboration, cultural competency, and a commitment to health equity. The conference will feature a virtual pre-conference in October and November 2025, followed by the in-person event on December 10-11, 2025, offering multiple ways to connect, learn, and engage with the prevention community.
