

OYLPN YOUTH ADVOCACY DAY

Prevention
Action Alliance

Lifetime Prevention | Lifetime Wellness

OYLPN Youth Advocacy Day empowers youth and their adult allies to use their voices to advance prevention, mental health wellness, and stigma reduction. Through a **virtual advocacy training** and an **in-person day at the Ohio Statehouse**, participants build confidence, learn how to share their stories, and meet with elected leaders to advocate for healthier, more supportive communities. Sponsors help make it possible for young people across Ohio to engage in meaningful civic action and create real change.
